A story. Evidence. A next step.

NAVIGATE

Start page

SPEAKING CUE

Open with the three-part introduction and your background.

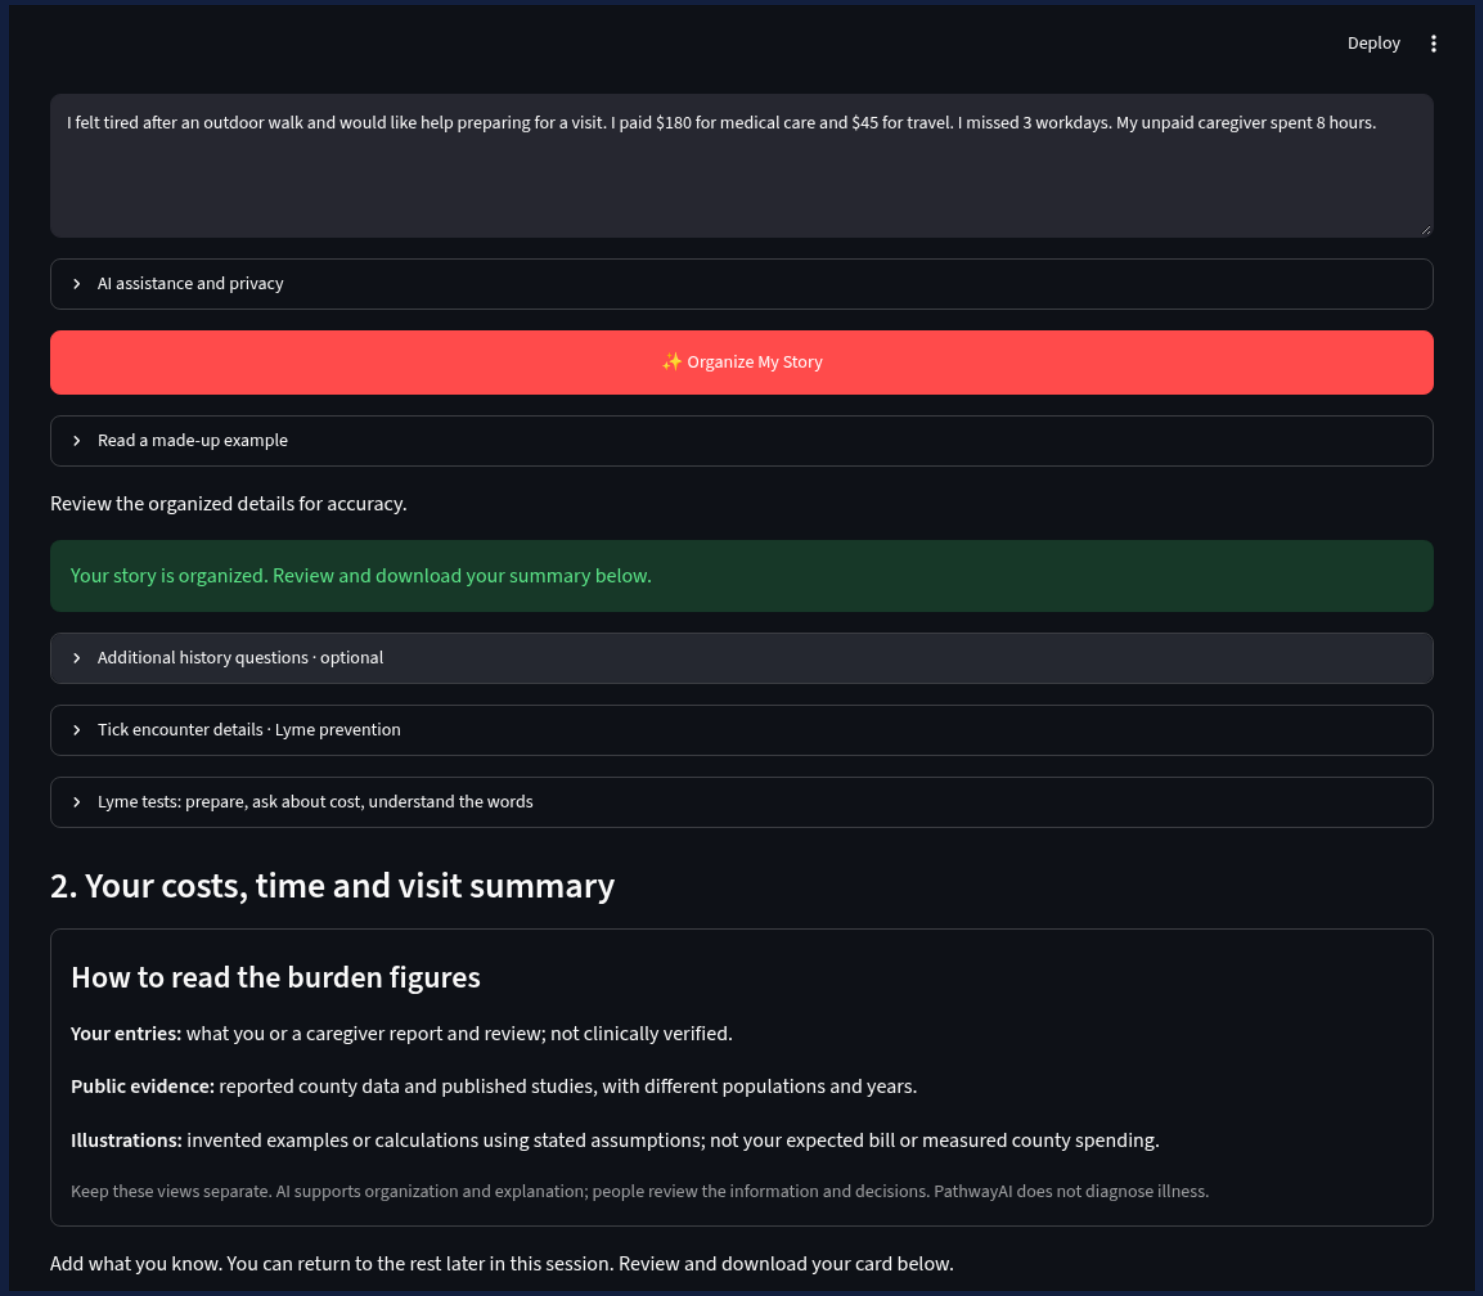

First: the patient story

NAVIGATE

Prepare for care → Tell us what happened → Organize My Story

SPEAKING CUE

Use only this fictional story. Leave external AI off.

Local app screenshots · fictional demo data · live deployment may differ

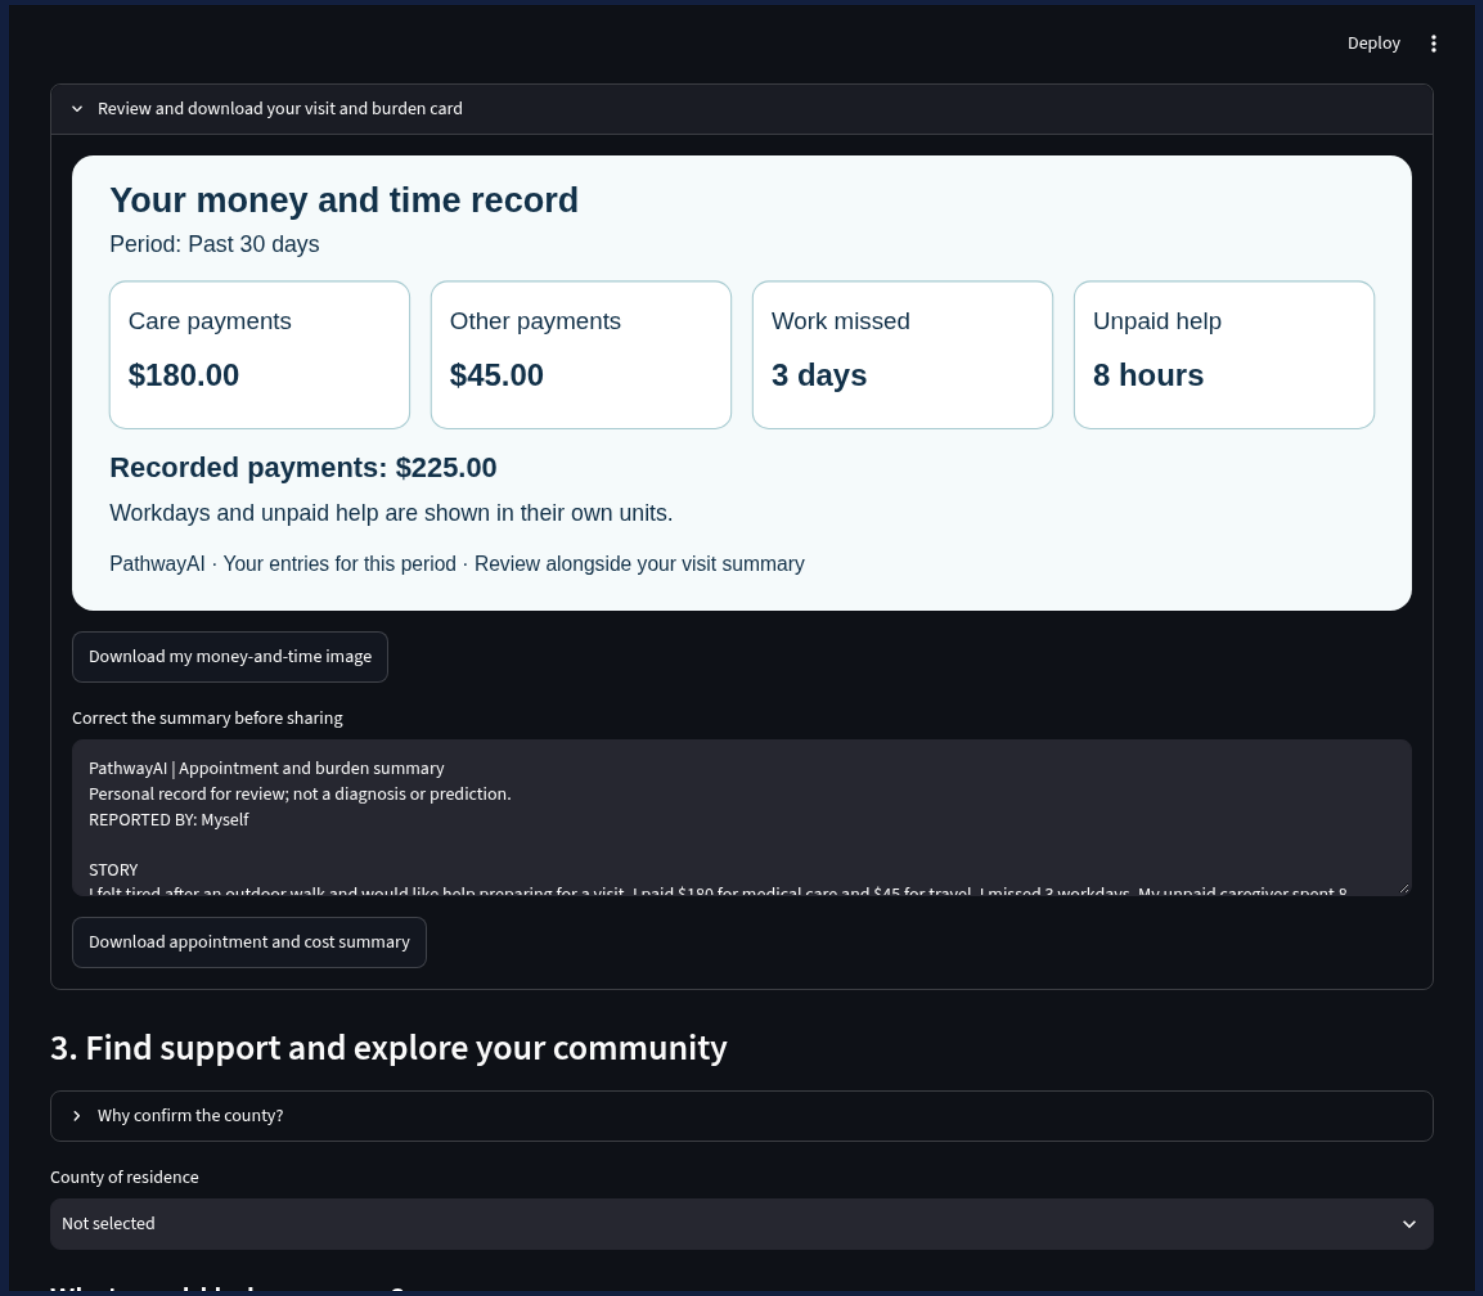

The reviewed personal card

NAVIGATE

Care & Support → Review and download your visit and burden card

SPEAKING CUE

Show $225 paid, 3 missed workdays and 8 caregiver hours. Review before sharing.

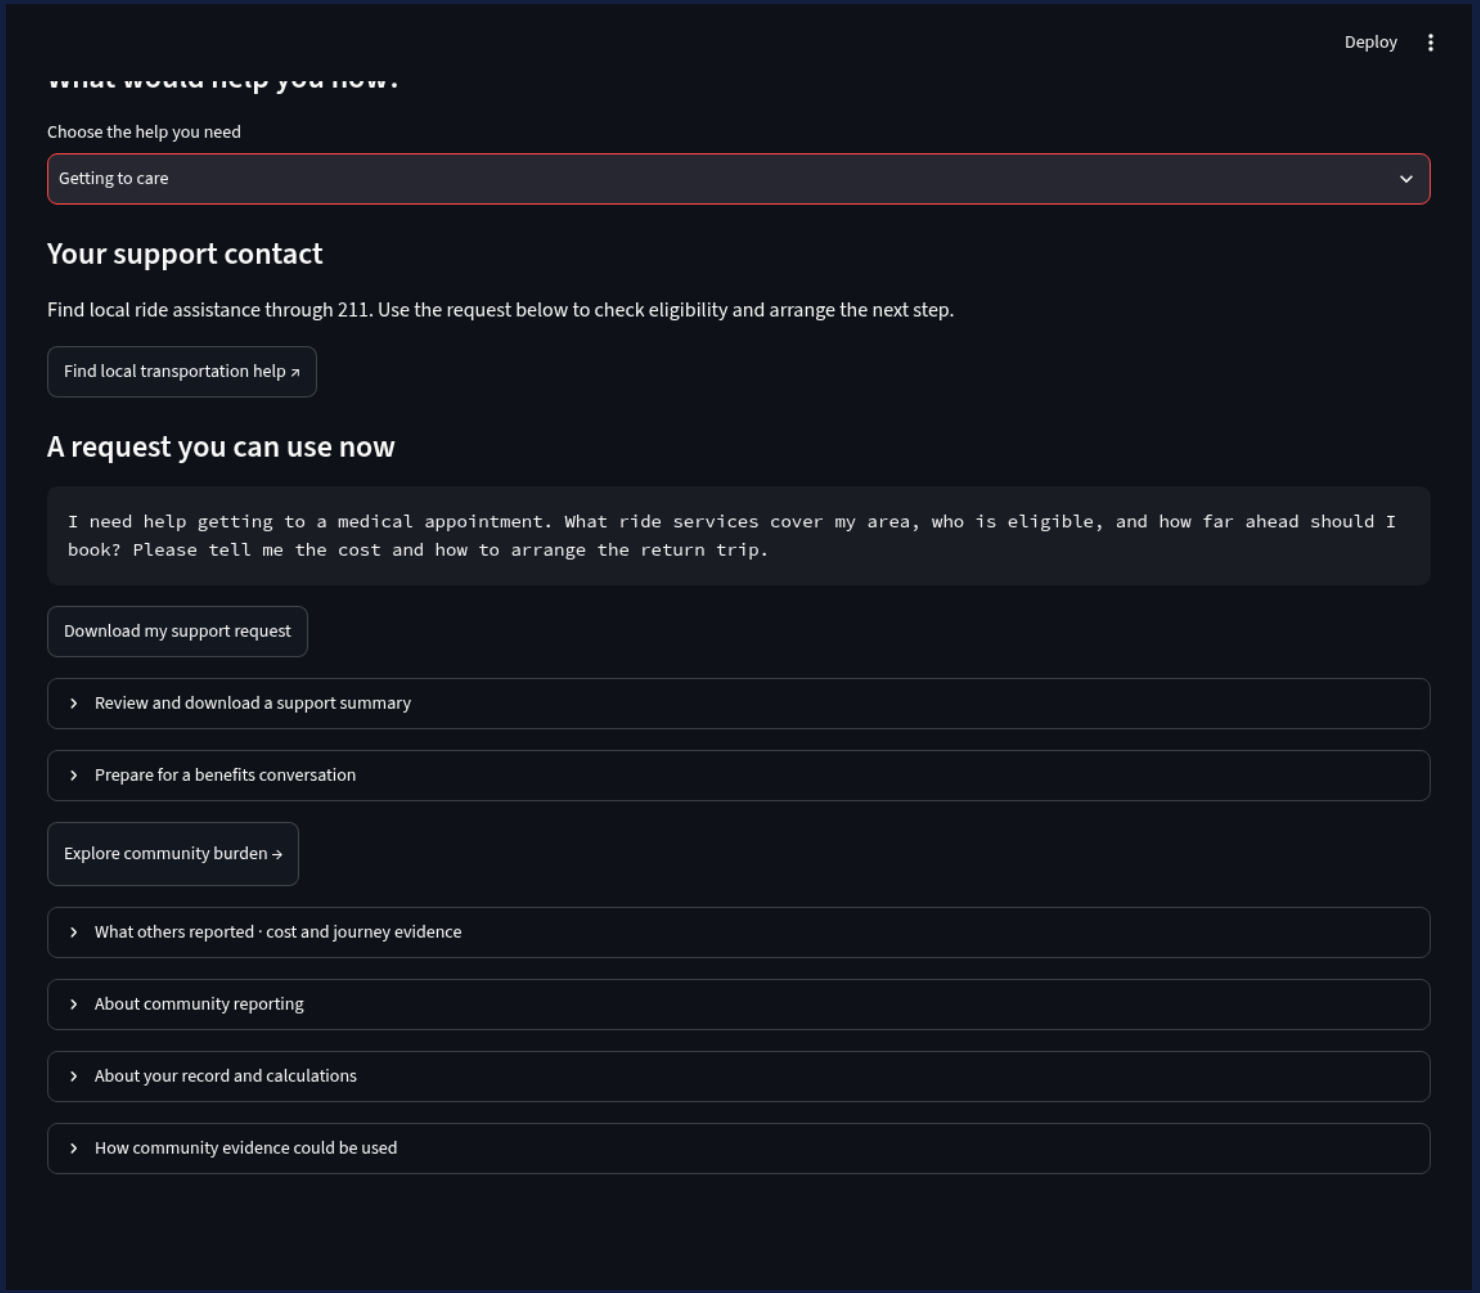

A useful request for support

NAVIGATE

Care & Support → Choose the help you need → Getting to care

SPEAKING CUE

Show the transport request and download. Nothing is sent automatically.

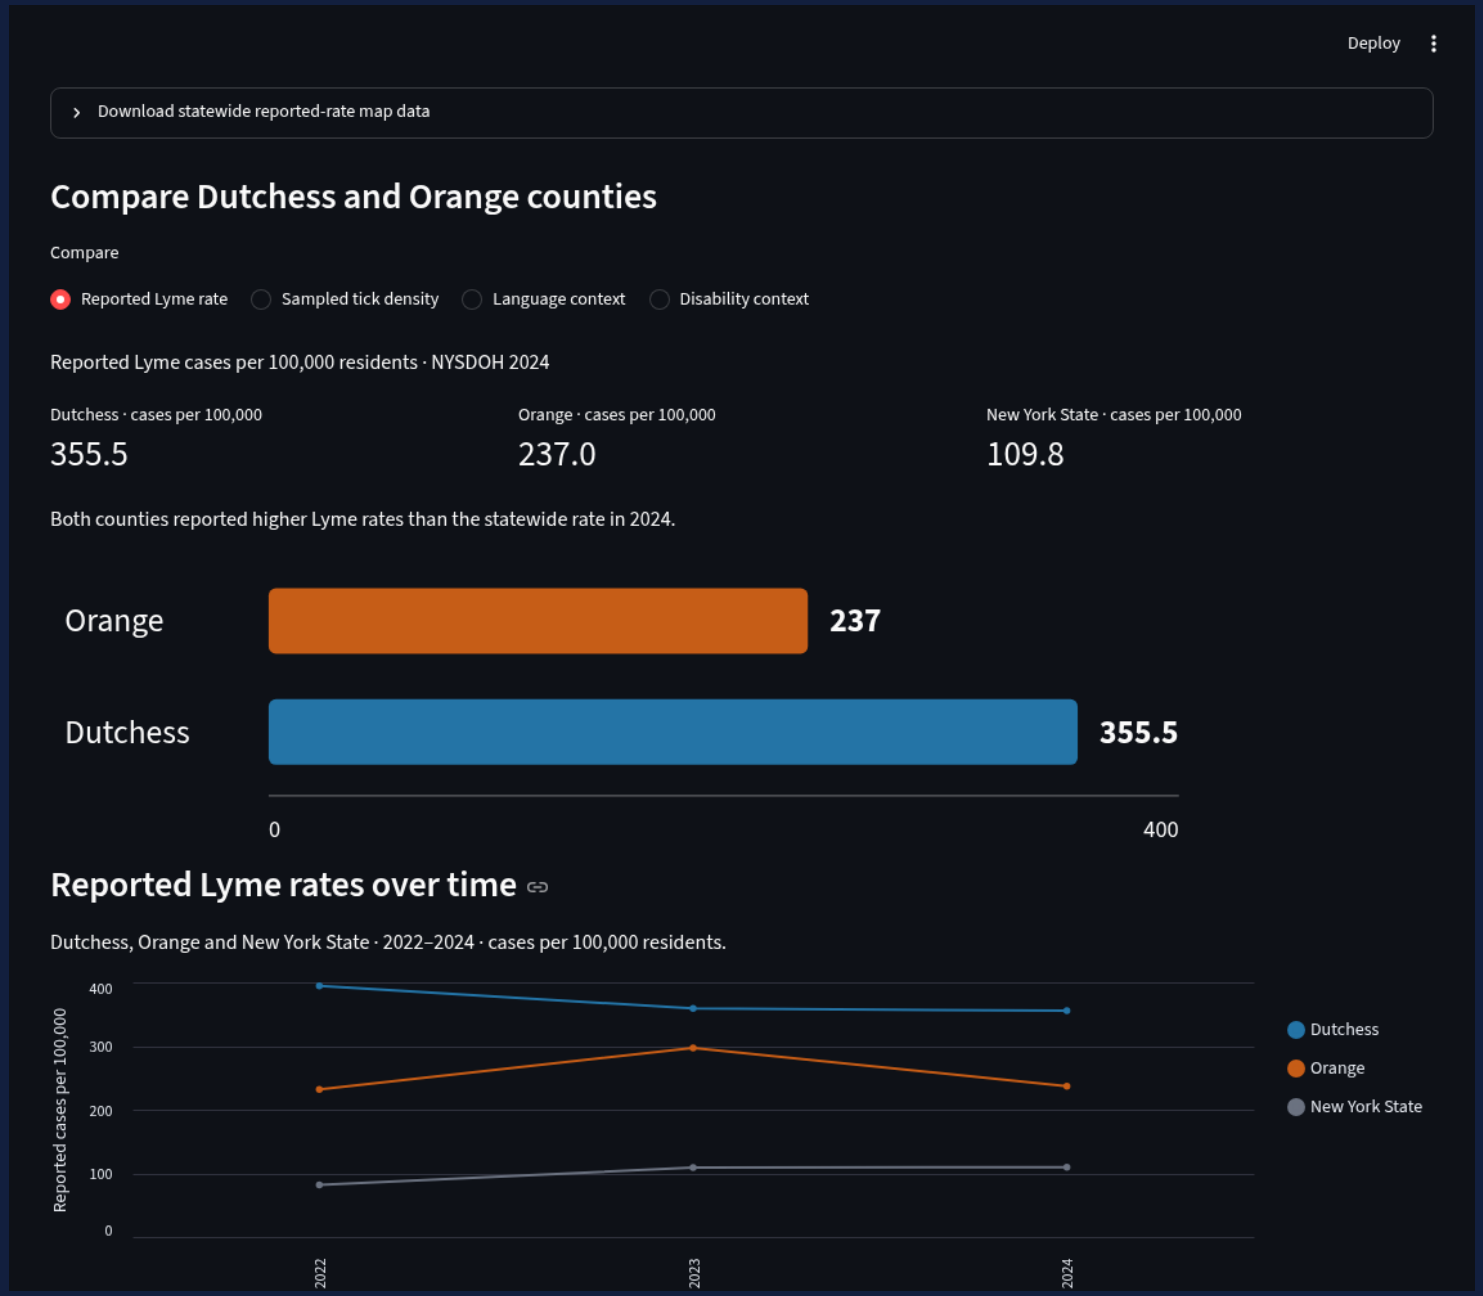

Second: community evidence

NAVIGATE

Explore community burden → Compare Dutchess and Orange counties

SPEAKING CUE

Explain sources, reporting periods and why county context differs from personal experience.

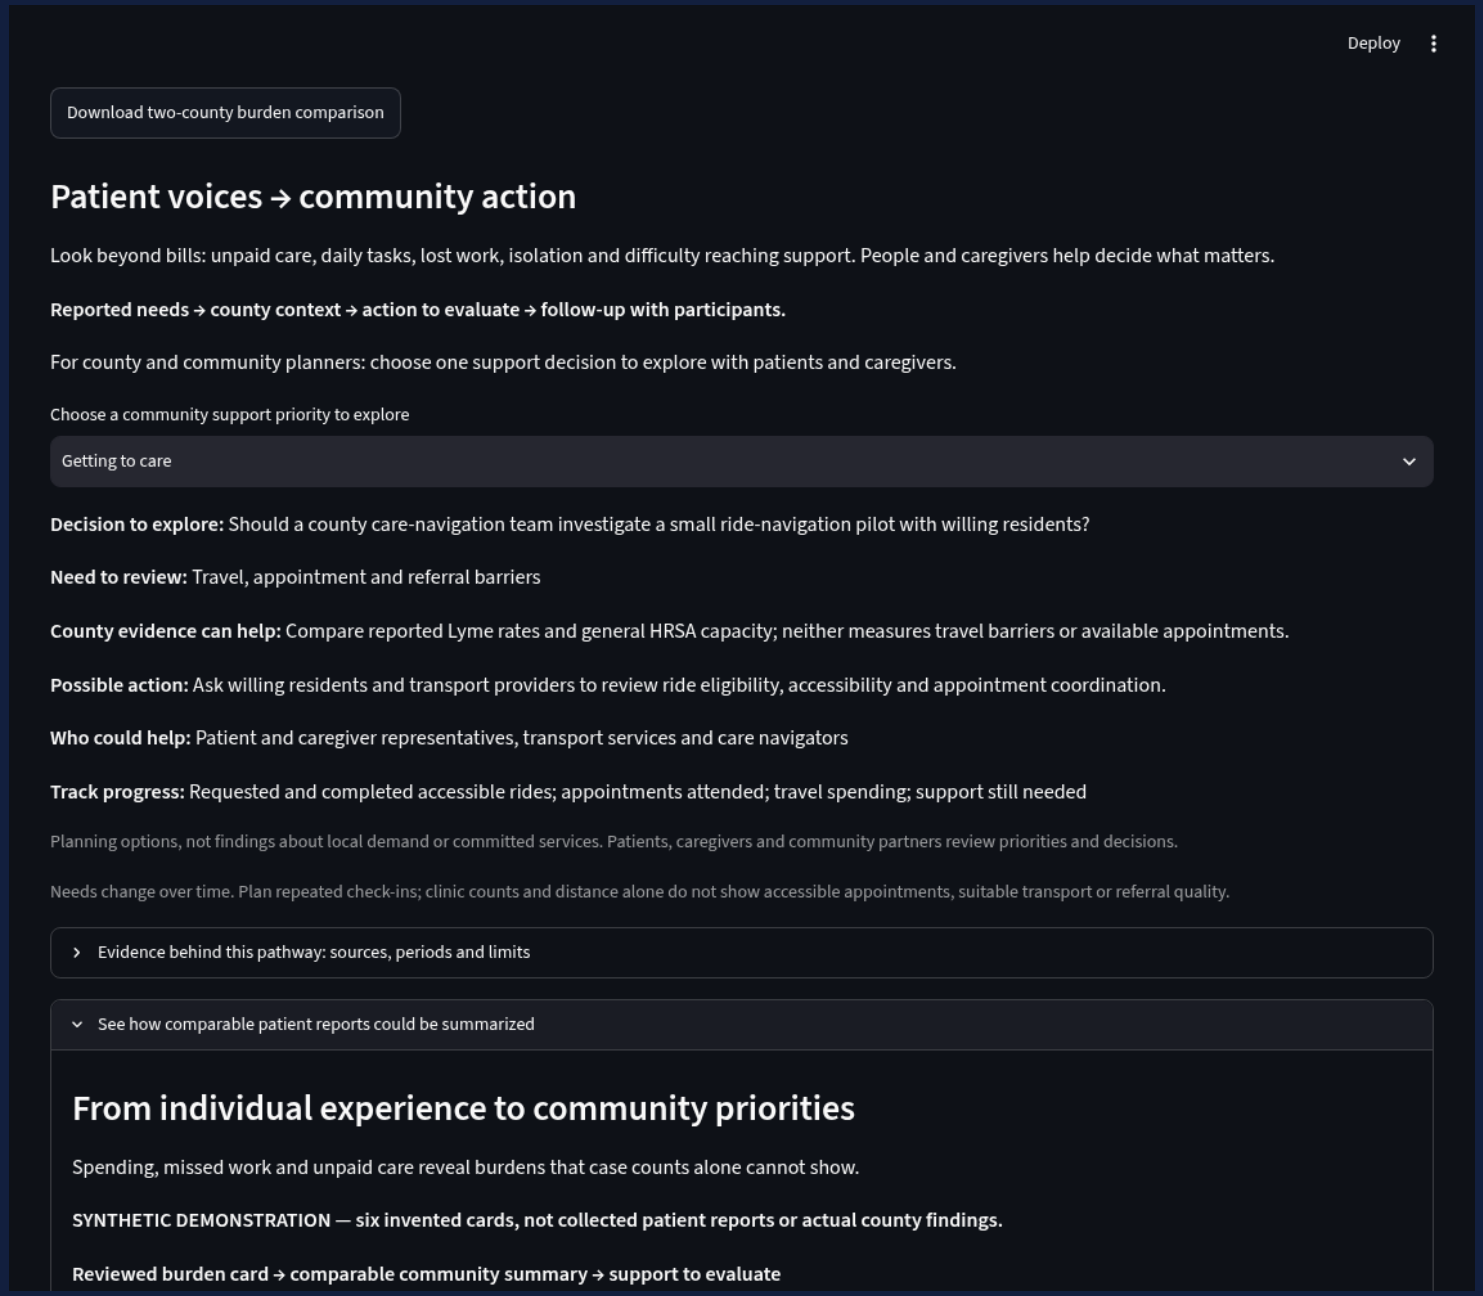

Third: an action to evaluate

NAVIGATE

Community → Patient voices → community action

SPEAKING CUE

The six invented records are a separate demonstration. Show the proposed response and measures.

Comparable reports, clearly labeled

NAVIGATE

Community → See how comparable patient reports could be summarized

SPEAKING CUE

Five usable fictional answers; one missing. This is not real county patient data.

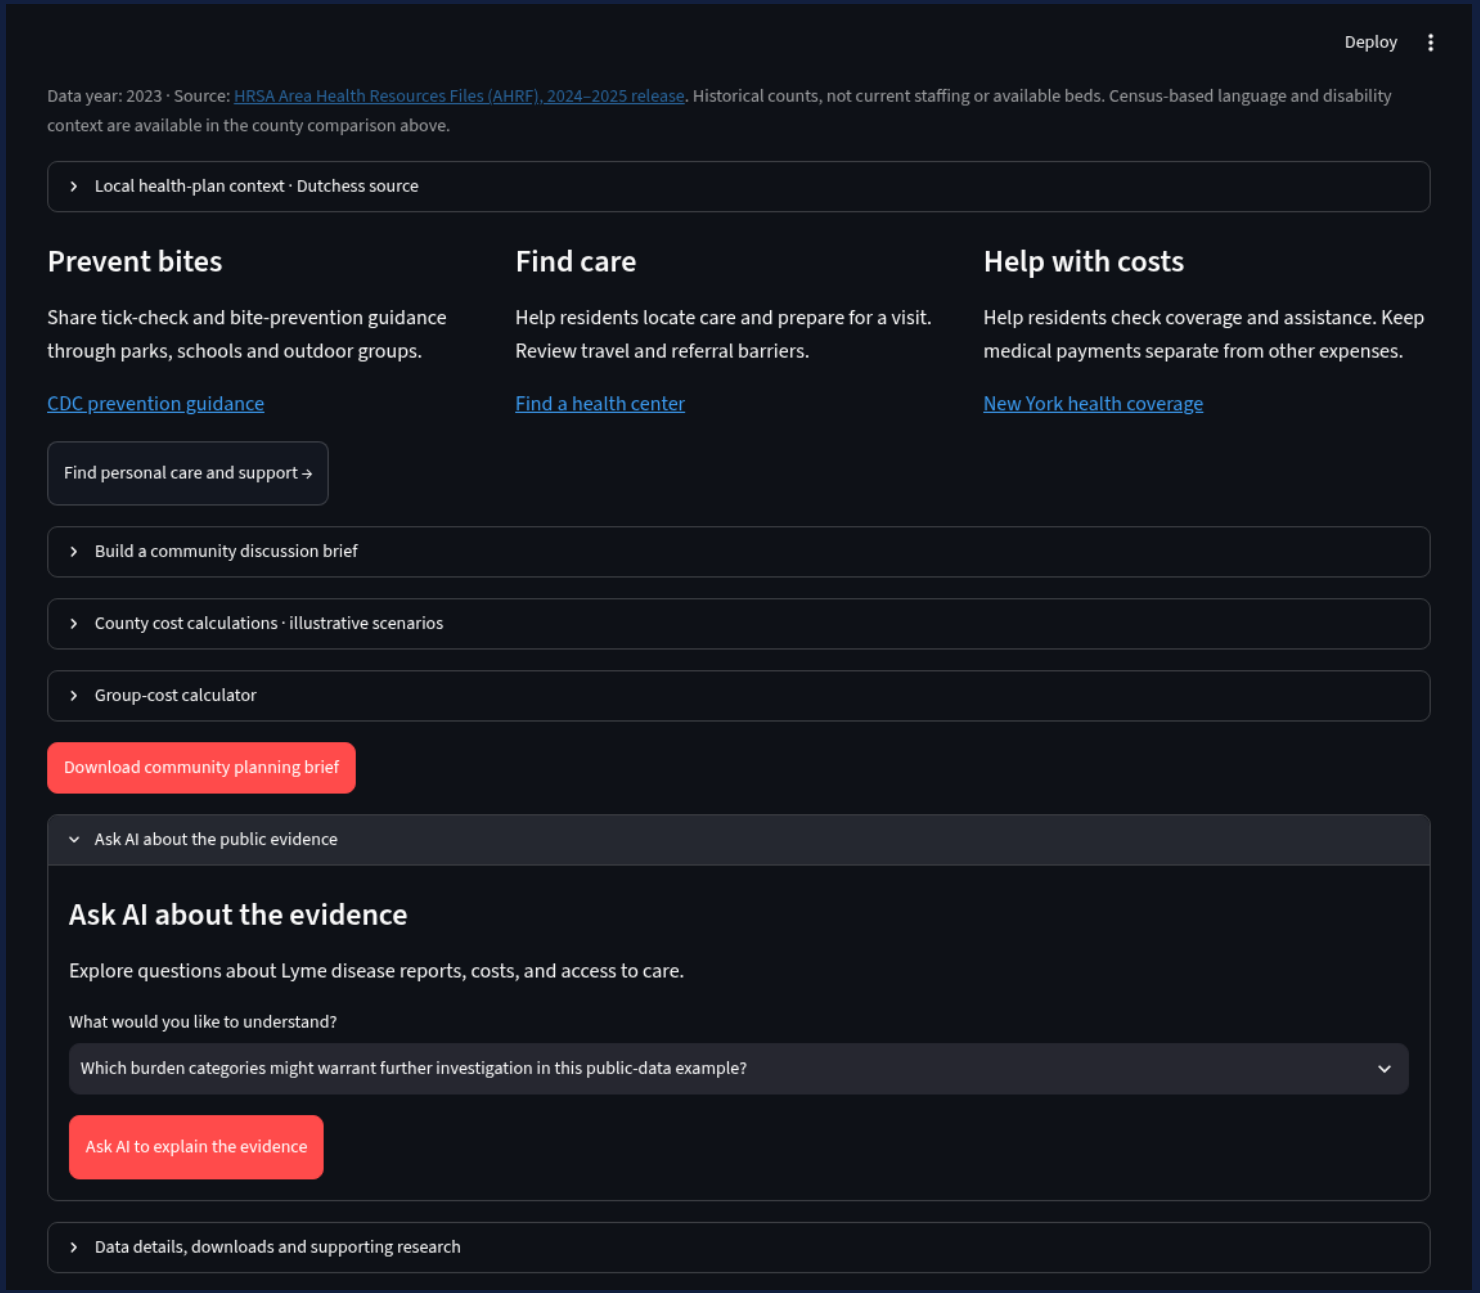

AI with human review

NAVIGATE

Community → Ask AI about the public evidence

SPEAKING CUE

Show the question and privacy explanation. This image does not show a successful live AI answer.

Thank you for helping make it possible

NAVIGATE

Sidebar → Sources & Acknowledgements → Acknowledgements

SPEAKING CUE

Thank patients, caregivers, advocates and experts. Close with the PathwayAI title.
